FINAL TEAM RESULTS - Revised June 23, 2008

Race results were determined based on bib numbers, time, and order of finish. The association of names with numbers is based totally on the database provided by the YMCA. For some reason, some number of runners were not wearing the bib number that the Y entered in our database. We have corrected a number of such instances that were brought to our attention.

The scoring of the women's 5K was affected by bib number/name discrepancies. The results below reflect the final scoring.
